

# L06 SERIES

## ZERO GAP BONDING

### AIO TOUCH PANEL

Designed to meet user demands in all kinds of industries with maximized flexibility.

From Android versions to stylus and camera specifications, from sizes to installation methods, whatever you expect, we have it ready!

### Android Version 8.0

L06 Series comes with Android 8.0 / 4GB + 32GB / Google Playstore Installed

### Built-in/ Pluggable Webcam

- ◆ Resolution: 8MP (4K)
- ◆ Field of View: 110°/ 90°
- ◆ Microphone: 6-array
- ◆ Type: Built-in/ Pluggable

### Floating Tool Bar

Just tap the floating action button on the left or right side of the screen and you will find all of the most commonly used presentation tools on the quick launch menu. What's more, you can make notes on any interface without having to exit the current application window, which keeps your class or workflow smooth and not interrupted.

### Powerful Interactive Software

With our powerful yet easy-to-use interactive software, DonviewShare, free app allows instant wireless sharing from multiple devices. Along with multi-splitscreen option users are spoiled for choice.

### Over-the-Air Update

Donview's over-the-air (OTA) update support keeps your L06 panel upgraded with the latest firmware at all times.

### True-to-Life Visual and Sound

With its 4K ultra HD display and anti-glare tempered glass, Donview L06 Series offers superior image quality regardless of the room brightness. The built-in 2\*20W speakers create vivid room-filling sound with no cords or external accessories needed.

### Improved Touch Accuracy and Efficiency

L06 Series combines zero gap bonding and multi-point touch to reduce parallax and improve touch accuracy.

- ◆ 32-point touch
- ◆ 20-point writing
